Re: *United States of America v. Sabre Corp., et al.*
Civil Action No. 1:19-cv-01548-LPS
Scheduling of Status Conference

Dear Judge Stark:

The United States writes in response to Defendants' September 5, 2019, letter requesting an initial status conference with the Court to discuss a case management order. The United States agrees that an early scheduling conference is appropriate in this case, and joins Defendants' request for the same.

As the United States explained to the Defendants, however, it believes a scheduling conference would be most productive after the Defendants file their answer so all parties are aware of the disputed issues and necessary discovery. Moreover, the United States found Defendants' letter to the Court (and their September 5 request to contact Chambers) curious given that Defendants had not yet responded to the proposed case management order sent by the United States to Defendants more than a week ago.

As always, counsel for the United States remains available at the convenience of the Court.

Respectfully submitted,

DAVID C. WEISS
United States Attorney
